### ACAP APICS' *Business Review* Advertising Campaign

As reported last month, the Albany/Capital District chapter of APICS has entered into an advertising agreement with the Albany edition of *The Business Review*. The agreement consists of six 1/8<sup>th</sup> page advertisements over the remainder of the calendar year. The advertisements are targeted at local business owners and executive management, and are intended to promote ACAP APICS membership, certification, and training as a competitive tool. The first advertisement, which ran in the 2/15 edition, along with the advertisement running in the 3/14 edition, are displayed below. Any comments or suggestions for future ads can be sent to [newsletter@apicsalbany.org](mailto:newsletter@apicsalbany.org).

## Advance Productivity, Innovation, and Competitive Success in Your Business!

The Association for Operations Management is the global leader and premier source of the body of knowledge in Operations Management, including production, inventory, supply chain, materials management, purchasing, and logistics. Since 1957, individuals and companies have relied on APICS for its superior training, internationally recognized certifications, comprehensive resources, and a worldwide network of accomplished industry professionals.

In addition to our monthly professional development meetings, featuring guest speakers and company tours, the Albany/Capital District Chapter provides training for APICS' two internationally recognized certifications:

#### Certified in Production and Inventory Management (CPIM)

Consisting of five major areas of study: Basics of Supply Chain Management, Master Planning of Resources, Detailed Scheduling and Planning, Execution and Control of Operations, and Strategic Management of Resources.

#### Certified Supply Chain Professional (CSCP)

Consisting of four major areas of study: Supply Chain Management Fundamentals, Building Competitive Operations, Planning, and Logistics, Managing Customer and Supplier Relationships, and Using Information Technology to enable Supply Chain Management.
